### PRODUCT USE INFORMATION

**⚠ WARNING** As a general rule, the taller a vehicle is the easier it will roll. We strongly recommend that seat belts and shoulder harnesses be worn at all times. Braking performance and capabilities are decreased when significantly larger/heavier tires and wheels are used. Do not add, alter, or fabricate any factory or after-market parts which increase vehicle height over the intended height of the Rough Country product purchased. Rough Country makes no claims regarding lifting devices and excludes any and all implied claims. We will not be responsible for any product that is altered.

### NOTICE TO DEALER AND VEHICLE OWNER

**⚠ NOTICE** Any vehicle equipped with any Rough country product must have the “Warning to Driver” decal installed on the sun visor or dash. The decal is to act as a constant reminder for whoever is operating the vehicle of its unique handling characteristics. **INSTALLING DEALER**—It is your responsibility to install the warning decal and to forward these installation instructions on too the vehicle owner for review and to be kept in the vehicle for its service life.

### Ditch Light Mount Installation

1. Mount the lights to the brackets using the provided hardware from the light kit. Make sure to run the mounting bolts facing up as shown otherwise the bolt could make contact with the wiper blades. Do not fully tighten at this time. Route the wire as shown. **Photo 1**
2. Open the hood and locate the hood hinge mounts. **Photo 2**

3. Slide the assembled light bracket between the hood and windshield. Working on one side at a time, remove the hood hardware using a 12mm socket. **Photo 3**
4. Install the bracket using the factory hardware. Torque to 10 ft-lbs. Route the wires along the bracket and zip tie in place as shown. **Photo 4**

5. Wire the lights accordingly. Close the hood and adjust the lights to preference. **Photo 5**
6. Check with local laws concerning coverings. If you are not sure, it is suggested to run the black out covers to avoid any infractions while on the street. Activate the wiper blades and make sure there is not any contact. Adjust as necessary. **Photo 6**
